I am completely opposed to SCE&G's proposed 9.5% rate hike. We were just hit with another rate hike by this company last year and won't feel the full impact of that for several years. And my SCE&G bill is already much higher than any utility bill I ever paid in Chicago, Cleveland, or other more extreme climates. This company is clearly out of touch with the needs of most residents of SC -- please deny them this opportunity to further cripple our economy.

Thank you,
Mary Waters
